

① 处理第一块

$$s = 0, V = 1$$
$$m = 0, \ell = 1, u = 1$$

② 读入第二块

$$s = \ln 2, V = 3$$
$$m' = \ln 2, r = 1/2$$

旧 ℓ 、 u 同乘 $1/2$

③ 加入第二块

$$\ell' = 0.5 + 1 = 1.5$$
$$u' = 0.5 + 3 = 3.5$$

全部块处理完: $u' / \ell' = 7/3$
